Hampton Village Community Association

Spring 2011

Letter from the President

Hello Hampton Village,

Welcome to our Spring 2011 newsletter. If this is the first time you have heard of the Hampton Village Community Association (HVCA), let me take a moment to introduce us. We have been up and running since November 2009 and we certainly look different than we did back then. We have started running several activities (kinder soccer, Pilates, boot camps, etc.) and we have a website and Facebook page that is updated frequently with news and events from your neighbourhood.

Those events, such as, the upcoming Garage sale/BBQ are put on by your neighbours, taking time to volunteer within their community. Another big project that I am looking forward to is the Hampton Village Community Rink. A volunteer committee has been established, however we need to raise a lot more \$\$\$\$. Any ideas? Come out to a meeting or email a board member.

As our community grows, you have an opportunity to help shape it. Please join us with whatever support you can, whether it is buying a burger at our BBQ, volunteering to join a committee, shovelling the rink, or buying the president a Timmies (just joking. well kind of).

Sincerely,

Matt Ingrouille

HVCA President

Garage Sale Tips – The Day Before

- Make sure the yard and surrounding area is neat and clean, hedges trimmed, leaves raked, weeds pulled and grass mowed. Move the garbage bin out of sight. Yes—even at a garage sale—presentation makes a difference.
- Save yourself a headache — mark everything with a price! Less questions asked, people will see for themselves how much something is. Sticky labels work, so does masking tape, mark prices right on the roll then tear off the tape or label—do not price directly on an item since the ink may seep through. Make sure the ink is nice and dark (black sharpie or maker works great). Include boxes, manuals and instructions if you still have them (you can get a better price). If you can, price things the day before (and have things sorted in boxes). This makes things move a lot quicker the morning of the sale.
- Thoroughly review each item before putting it out for sale. Look for forgotten money in pockets, old receipts, etc.
- Clean everything really well—the shinier the better. Wash clothes, blankets, towels, bedding.
- Mark the measurements for things like curtains and drapes, sheet sizes (twin, double, etc.). You can do this on masking tape.
- Move your vehicles over a block, especially if you live on a small street. If people can't find a place to park, they won't be buying anything (do this the morning of the sale).

Garage Sale Tips- Set Up & Sale Day

- Be Prepared before Start Time. Early Birds will come, if you advertise an 8:00 am start, people will arrive early (7:30).
- Have enough tables to display your items, if you don't have sturdy tables, set out a clean blanket on the ground to lay your items on. Don't bunch things in boxes. The more items on display the easier it is for buyers.
- Take the time to organize: Keep all glass items together, collectibles together, books and magazines together, toys together, etc. You can use shallow boxes, baskets or tubs to hold glassware (helps prevent them from falling off the table & breaking).
- Clothing is best sold if hung neatly on a rack (a broom stick between two ladders works) and price clearly.

Hampton Village RINK Update

On a sad note, we did not get the Rink built this winter. BUT on the happy side, we have secured funding from the City to build a permanent rink. We have started a Rink Committee and have the goal to have the rink built this summer.

As everyone knows Volunteers are what the Community Association is made up of. So if you have time, supplies, or knowledge please let us know and be part of your community.

Garage Sale Tips - Money

• Have lots of change on hand at the start of the day, here's a suggested float:

- Roll of quarters
- Roll of loonies and toonies
- 5 \$5 dollar bills
- 4 \$10 dollar bills

• If you have big ticket items (furniture, heavy appliances), having a couple \$20 bills will be needed if you decide to accept \$50 or \$100 bills. You'll pick up lots of small change throughout the day, but the first few hours you'll likely be breaking lots of \$5, \$10 and \$20 bills.

• If you have odds-and-ends items, such as mismatched glasses, price them at 6 for \$1.00 instead of \$0.15

• Be prepared to barter with your customer, and as the day goes on you may want to reduce prices on some items to clear them out

Please report ALL crime that occurs in Hampton Village. The Saskatoon Police Service Now offers a Citizens Online Police Reporting System and can be used if:

- There are no known suspects - including person or vehicle
- This did not occur on a provincial highway

CITIZEN ON PATROL INFORMATION

What are Citizen Patrol & Community Watch?

Citizen Patrol Volunteers take on an active role in the community. They provide a positive visible presence in their neighborhoods and serve as a deterrent to criminal activity. By joining together, they show they care about each other and about what happens in their neighborhood. People that live in a community have first hand knowledge of the people that live there and are a great aid as “Eyes & Ears” for police. Saskatoon Police provide them with the skills needed to be able to report and document suspicious activity accurately.

Citizen Patrol Volunteers patrol parks, schoolyards, strip malls, and residential areas in their community. They invest as much spare time as they have to offer, one hour at a time, or more

Become a Citizen Patrol volunteer. It takes a positive attitude, enjoying fresh air and exercise, and becoming acquainted with **your** neighbors by walking, riding a bike, jogging or driving around the neighborhood. Volunteers work in teams, are identifiable by their vests, and carry a flashlight and cell phone.

Community Watch is accomplished through news releases and community statistics. Regular updates can be sent directly to members who request them.

Community Watch enables Saskatoon Police to provide information to each specific community and make members aware of suspicious persons and /or vehicle’s present in that community. It is also a valuable tool used to advertise community events and pass along educational information on various subjects that may be of value to the public. The only information required is an email address and neighborhood of residence. For further information visit www.saskatoonpoliceservice.ca .

Citizen Patrol & Community Watch are both crime prevention and crime interruption programs supported by the Saskatoon Police Service and the public and designed to create and maintain safer communities.

Crime Prevention stops crimes before they happen by making the neighborhood less attractive to criminals and vandals.

Crime Interruption interrupts crime in a neighborhood and frustrates criminals.

These programs send the message that the community is watching and cares about neighborhood safety.

Our neighborhoods require proactive and reactive responses to criminal activity to help keep them safe.

Citizen Patrol and **Community Watch** involvement serves to warn criminals the community is aware and will not tolerate their activities.

Saskatoon is known for its volunteer spirit. Invest in the community today!

If we volunteer and help to make each community a safer place to live, we will help create and maintain safer communities for future generations!

Please contact Cst. Rolanda McAvoy if you have any further questions: rolanda.mcavoy@police.saskatoon.sk.ca or call 975-2265
