HVCA NEEDS YOUR HELP!

100% VOLUNTEER POWERED

We need you!
Our community association is 100% volunteer powered. Without community minded people like you, programming can not take place!

We need the following coordinators:

**Soccer ,
Adult Program,
Rink, Allocations, and
Daytime Program**

Filling these positions will enable HVCA to continue

to provide programming for the young and the young at heart.

If you are interested in becoming more involved in your community, please email Cinthia at president@saskhvca.com

Hello from the Hampton Village Community Association!

It has been a busy year for the HVCA. I would like to take this time to thank our hard working 18 member board. These dedicated individuals work hard, volunteering their time throughout the year to plan and bring you events like Cinema Under the Stars, Pumpkins in the Park, and the Annual Garage Sale and BBQ. They also provide Hampton Village residents, aged 2 to 80+, with programming that enhances resident's health and enables them to make social connections in their community.

As President of the HVCA, I would like to take this time to thank our outgoing board members. Melanie will be leaving the HVCA at the end of the spring outdoor soccer season. She has been dedicated to providing soccer to our elementary aged population for 9+ years. She has spent countless hours organizing soccer programming and meeting residents in the Hampton and Dundonald areas. She will be dearly missed. Please take the opportunity to thank her for her time when you see her at spring soccer meetings or in the community.

Donavon joined the board in 2017 as our Rink Coordinator. He has spent many hours repairing the rink infrastructure and maintaining the ice. Donavon is relocating to Regina and we wish him the best!

Liisa took on the role of Adult Program Coordinator this past fall when it was left vacant at our AGM. We also welcomed Katherine to our board in December for a short term to cover the role of Child Programs. We would like to thank both of these individuals for filling much needed roles mid-season.

Since our Annual General Meeting, we have welcomed Monica and Gbemisola to our board as Members at Large. We look forward to getting to know them in the coming months. As advertised on the cover of this newsletter, we are looking to fill a number of program coordinator positions (Soccer, Adult Programming and Rink Coordinator to name a few). If you are interested in becoming a volunteer to ensure programming continues, please contact me at president@saskhvca.com.

The HVCA board and I would like to wish everyone a safe and fun-filled summer. We hope to see you at our Garage Sale BBQ on May 11th and Cinema Under the Stars on September 7th.

Best, Cinthia

Paul Mostoway Dog Park Patron Counters

Paul Mostoway Dog Park officially opened to the public on December 1, 2017 and is one of Saskatoon's newest dog parks. It is located on Richardson Road, east of McClocklin Road. Dog park users have been enjoying the large open space combined with its natural features.

Currently, the city has ten dog parks for users to enjoy. Recent news also noted that further developments will be taking place at Hampton Dog Park west of the airport.

To see a map of the current dog parks, citizens are encouraged to visit the City of Saskatoon, Animal Services website at: https://www.saskatoon.ca/sites/default/files/documents/community-services/recreation-sport/animal-services/dog_park_map.pdf

Recently, you may have seen black boxes at the entrances of some dog parks. These are patron counters. This quantifiable data is key to better understanding the patron usage at dog parks and helps us understand the levels of service that may be needed at the park.

Patron counters were installed at Paul Mostoway Dog Park and readings have indicated that there are approximately 850 monthly visits to the park. Starting as early as May, we will look to reinstall the patron counters and continue assessment.

While at the dog parks, your support in helping to clean up after your dog while ensuring they are on their best behavior at the park is greatly appreciated. Please remember to keep your dog on its leash until you enter the gated dog park.

For animal related bylaw concerns contact Saskatoon Animal Control Agency at **306-385-7387**.

Good Friday Service

Friday, April 19th at 10:30 am

Easter Breakfast

April 21st at 9 am - please bring a breakfast item to share

Easter Celebration Service

April 21st at 10:30 am

HAMPTON VILLAGE PARK NAMESAKES

Most of the names used for streets and parks in Saskatoon are suggested by the public and go through an approval process before being added to the “Names Master List.” Names of past mayors and members of City Council are automatically added to the list. Parks may be named in honour of individuals or for organizations that have raised money to help develop them, such as Kinsmen Park. Street names may also be submitted by the developers building a neighbourhood. This article highlights the individuals after whom Hampton Village parks are named.

Anita Langford Park

Originally from Moose Jaw, Anita Langford came to Saskatoon to attend university. She settled here permanently in 1973 in Holiday Park. Her political life began with the Holiday Park Community Association and its fight to preserve the Saskatoon Sanatorium in the late 1980s. In 1994, she was elected to City Council in Ward Two and served two terms before leaving politics in 2000.

One of her lasting achievements on Council was to help get the much-needed 22nd Street and Circle Drive interchange built. She also fought against slum landlords and was a prominent voice against poverty and the exploitation of children in Saskatoon's inner city neighbourhoods.

C. Jack Mackenzie Park

Chalmers “Jack” Mackenzie (1888-1984) studied civil engineering at Dalhousie and Harvard before coming to Saskatoon in 1910. Here he worked as a surveyor and building inspector before taking a teaching position at the University of Saskatchewan. He served in France during the First World War and in 1922 became the first Dean of the College of Engineering here, a post he held until 1945.

MacKenzie served on Saskatoon's City Council for one term, in 1929 -1930, before stepping down. He is best remembered for designing the Broadway Bridge, a Depression- era relief project. He also designed the “Ceepee” Bridge across the North Saskatchewan River at Borden.

Mackenzie left Saskatoon in 1945 for Ottawa where he had a long, varied, and distinguished career, indicative of which is his appointment on July 6, 1967 as one of the first group of Companions of the newly-created Order of Canada. This is an honour reserved for those who have “demonstrated the highest degree of merit to Canada and humanity.”

Paul Mostoway Park

Paul Mostoway (1929-2012) was born in the town of Mayfair, Sask., and grew up in Guernsey and Saskatoon. In Saskatoon he attended St. Paul's School and City Park Collegiate. After high school, he worked as a miner, a sailor, and a construction worker. He attended the University of Saskatchewan in the early 1950s, earning degrees in both arts and education. He was also a member of the Canadian Officer Training Corps and a 2nd Lieutenant in the Royal Canadian Armoured Corps.

He began teaching in 1956 and taught in the towns of Allan and Clavet before retiring in 1988.

HAMPTON VILLAGE PARK NAMESAKES

Mostoway was an NDP MLA for Saskatoon Centre in the Blakeney government from 1971-1982. He served as Legislative Whip and chaired a special government committee on welfare and social services before the Blakeney government was defeated in the 1982 general election. Mostoway was elected to City Council in 1988 and served two, three-year terms before stepping down in 1994. He was also a Catholic school board trustee from 1985-1994.

Rik Steernberg Park

Born in Vancouver, Rik Steernberg graduated from the Electronic Engineering Technologist program at STI (now Sask Polytech) in Moose Jaw and came to Saskatoon in 1978. His political life began on the Parkridge Community Association executive and other local boards before being elected to City Council in Ward 3, serving from 1994-2003, when he stepped down.

In 1999, Steernberg sought the provincial NDP nomination for Saskatoon Fairview. He ran unsuccessfully as a Liberal candidate in the same riding in a 2003 provincial by-election and again in the general provincial election held later that year. He also ran unsuccessfully for City Council in the 2011 Ward Three by-election.

Lisa Rendall Park

Lisa Rendall (1965-2011) was an on-air personality at radio stations in Estevan, Regina, Toronto and Saskatoon. In Saskatoon she was the morning show co-host at C95. In 2000 she was diagnosed with metastatic breast cancer. She took her diagnosis public. In the fall of same year the station held the first "C95 Radio Marathon for Breast Cancer Research." This became an annual event which, as of 2018, has raised more than \$4.6 million for the Saskatchewan Cancer Agency. In 2001, Rendall started the "Lisa Rendall Golf Classic" to raise money for cancer research. As a public speaker, Lisa worked to educate people about cancer and the importance of research. She was an inspiration to women suffering from breast cancer.

Among her other awards and accolades, Rendall was named YWCA Woman of Distinction in 2006 and CTV Saskatoon Citizen of the Year in 2010.

Al Anderson Park

A well-known figure in Saskatoon's athletic scene, a young Al Anderson opened "Al Anderson's Source for Sports" in Riversdale in 1957 where it still stands today. Through his life, Anderson has been involved in the community as a board member and volunteer for organizations like the Saskatoon Community Hockey Association, Participation Saskatoon, and the Saskatchewan Association of Rehabilitation Centres. He was a founding member of the Kinsmen Elmwood Lodge and helped found the Saskatchewan Prevention Institute, which works to champion the prevention of conditions such as fetal alcohol spectrum disorder. Anderson was CTV's Saskatoon Citizen of the Year for 2009 in recognition of his work in the community.

Draggins Car Club Park

The Draggins Car Club was formed in 1957 by a small group of Saskatoon automobile enthusiasts, with a mandate to promote their hobby as a "safe and credible sport" and to support motorsports generally. The club held ice drags on Hudson Bay Slough in the winter of 1958-1959, and on April 1, 1961, held its first car show. This has become an annual event, held every Easter weekend. It is also one of the longest-running car shows in Western Canada. April 2019 is the club's 59th show. Funds raised from the Annual Rod and Custom Draggins Car Show support charitable causes such as the Saskatchewan Abilities Council's Camp Easter Seal. Draggins Club members also staff Salvation Army kettles at Christmas and bring their cars to community events throughout the year.

Which Hampton Village park is your favorite?

St. Lorenzo Ruiz School News

It is hard to believe that we are in the planning stages for our third year of the school with registering our Kindergarten students for 2019-2020 school year! For the upcoming school year, we will be offering full day/alternating day classes (either Monday, Wednesday and alternating Fridays or Tuesday, Thursday and alternating Fridays). If your child will be five-years-old before January 31, 2020, he or she can begin kindergarten in September 2019. Early registration helps us in our preliminary planning of staffing allocations.

We had a successful first half of the school year at St Lorenzo Ruiz. Our students have been working on showing "grit" and have persevered through obstacles, both in their learning and friendships! By being safe, responsible and respectful, our school community continues to build a positive, faith-filled environment where we value our unique gifts and talents.

Our Advent concert was a big success and we are now celebrating Lent with weekly liturgies. Our students have taken part in various extra-curricular activities as well! Intramurals, Volleyball, Track, Basketball, Skiing, Bowling and Swimming to name a few. Our grade 8 students organized a "ME" Day, which was an opportunity for students to share ideas about important mental health issues they feel are affecting them today. Not only did they share information about the topics they chose, they also suggested tools and strategies to help manage their mental health issues. Our grade 6 and 7 students are currently working on an inquiry project, "Countries Come Alive." Our Kindergarten students are currently looking after two bunnies and learning all about them through discovery!

If you have any questions, call us at 306 659 7950. Happy Easter to you and your families!

God Bless, M. Monteiro and K. Leschyshyn (Admin team)

Big Shred

**Saturday, May 4
9 am - 12 noon,**

Parking lot of McClure United Church at
4025 Taylor St. (at McKercher)

Bring your old paper to the 'Big Shred'!
Protect against personal identity theft as
your old documents go into the Shred-It
company truck's shredders!

Quickly destroy old bank and utility state-
ments, tax returns (2012 and earlier), old
files, outdated documents, etc..

The service is by donation
(suggested \$10 per paper box, or \$5 per
shopping bag).

Funds raised assists the McClure Place

Foundation in paying off the new therapeutic tub for
residents at Amy McClure House, a licensed
intermediate care assisted living facility at McClure.

Protect your family by removing that unwanted . .
yet personal paper!

(Note: In 2018, more than 16,300 pounds of paper
was safely shredded in three hours!)

Come play with us!

Table Games & Coffee

**Thursday afternoons (1 – 3 pm, until June)
at Hamptons' Schools**

Use "Community Entrance" (1055 Hampton Circle)
at the Ernest Lindner / St. Lorenzo Ruiz Schools
(No program Feb 21st or April 25th)

Free with Community Association Membership (\$10/year)
Coffee by donation
Players pick the games to play!

Just drop-in and see us – the coffee is on!
