

Hampton Village

COMMUNITY ASSOCIATION

COVID Protocols for Spring Programs

Effective: April – June, 2022

The Hampton Village Community Association (HVCA) wants to bring people together and keep people active – *safely*.

Since COVID spreads from an infected person to others through respiratory droplets and aerosols, there is no “single” precaution that will *stop* the spread of COVID when people get together for sports & recreation, but each step we take helps to *minimize* the spread. We appreciate your understanding & cooperation!

- 1) Masks are **STRONGLY** encouraged at all times, by everyone. On request, medical-grade masks can be provided.
- 2) Everyone must hand sanitize upon entering the facility.
- 3) Do not come to the program if you:
 - a. have COVID,
 - b. have COVID symptoms,
 - c. have had close contact with a COVID positive (or COVID suspected) person, or
 - d. are currently being tested for COVID and are awaiting results.
- 4) Whenever practical, stay 6 feet away from others.
- 5) After a program, if you develop COVID symptoms and/or are told that you were the close contact of a COVID positive person, you **MUST** let us know so that we can determine if there was a risk of transmission to other participants. Your confidentiality will be respected.
- 6) Additional COVID precautions may be added to specific programs, based on risk.
- 7) Cards, Games & Coffee: this program requires participants to wear a mask at all times, unless eating or drinking.
- 8) Youth Soccer (U5, U7 & U9): this program is a partnership between the HVCA and Saskatoon Youth Soccer Inc. (SYSI). In addition to our COVID protocols, all SYSI COVID protocols for participants & parents must be followed; the Youth Soccer Coordinators will share this information with participants/parents.
- 9) NOTE: Our COVID protocols may change as the situation & rules change.
